Learning Outcomes

After going through this class, you will be able to

1. Go efficiently from a reference to an item in hand (or downloaded)

2. Use PowerSearch, Web of Science to locate books & articles to find the items to use for their assignments

3. Use Journal Citation reports to search for “major journals”
Activity 1:

Why Do a Literature Review?

Write by yourself for 2 minutes:

Sharing time = 3 min.
Your Library Guide
http://libguides.ust.hk/sosc5110
Searching & Researching

Authors (including YOU!) make it

You communicate & look for communications

Organized so people can look for it & find it
Activity 2 – Known Item Search
From Citation to item in hand or disk (5 min)

Why? It’s a common & useful method of doing research is to use the list of references in your readings & books and articles you find.

You want to build speed & skill at this – like an athlete.

• Divide into teams of 2 or 3
• Find the call no. or the link to the e-resources via PowerSearch (3 min)
• Be prepared to explain how you got them

Know item – you know it exists.
* You have a full citation, (or nearly full)
Activity 2 - Sharing

- Get ready to give call numbers or location
- Get ready to say how you got it
Activity 2 Reflection Problem
(2 min + 3 min sharing)

1. Write down a problem you have had when you try to find a referenced item. (2 min)

2. Swap w/ your partner (1 min)

3. If you have a suggestion on how to solve, give it

Be Prepared to share with larger group
1. Use Search box in Guide or PowerSearch on [http://library.ust.hk](http://library.ust.hk)

3. Search: China inequality gender

Unknown item:
- Looking for “something” on this topic
- Looking for “something” by this author
PowerSearch (2)

Default sort on left = relevance” Can also sort by date

Compare the results based on sorting
PowerSearch (3)

Use left-hand column to Refine Results (sort) 39,000+ results
Choose “books” -> Gets books & book chapters

Remove filter “Books” – brings you back to 1st results
I want this article:

1. Choose “Library Catalog” scope
2. Choose ‘title” from drop down menu
3. Type “China economic review”

- Why search the journal title?
- Why Choose Library Catalog?

Look at Online access first.... But dates don’t match 😞

Look at paper-journal. Vol. 4 is in the bound periodicals on LG4.
